

"BEYOND THE BOOK"
SCHOLARSHIPS FOR RESEARCH-BASED LEARNING

Call for Proposals

The College of Arts and Sciences is pleased to fund research activities for undergraduate students (freshmen, sophomores and juniors) in Arts & Sciences to pursue special intensive learning beyond the traditional classroom experience. Such opportunities may include, but are not limited to, summer lab research, field work, internships and archival research. (Projects involving surveys and/or interviews require approval from the University's Institutional Research Board.) Descriptions of some of the activities funded last year may be found on the college's web-site <http://www.as.miami.edu/undergraduate/beyondthebook>.

Recipients will receive a stipend of \$2,500. At the completion of their research activities, participants are required to submit a 3-5 page report to the Dean of the College of Arts and Sciences. Students may receive only one "Beyond the Book" scholarship; previous awardees are not eligible.

To apply, Arts and Sciences students must submit an application available online and in the Dean's Office (Ashe 227); a transcript (unofficial copy is acceptable); a 500-word description of their proposed project; a budget; and a letter of recommendation from a faculty member.

Applications are due in the Dean's office no later than Monday, March 1, 2010. Awards will be announced in early March. For additional information, please contact Angie Callesis at 284-4036 or ecallesis@miami.edu.
