All students who wish to enter the Bachelor of Fine Arts program are required to submit a portfolio of their work for review by the Department Faculty. For this you will need 20 work samples on a CD or DVD. (We're sorry, but portfolios cannot be accepted by email.) For acceptance, applicants will be expected to demonstrate a commitment to studio production and an understanding and facility in the handling of visual, conceptual and media issues. A 3.0 GPA in departmental courses is required for graduation with the B.F.A. degree. A student must be in the B.F.A. program for two full semesters before graduation: application after the beginning of the junior year will probably necessitate an extended course of study, since you will be advised as a B.A. student until being accepted into the B.F.A. program. Reviews will be held three times per year after the following deadlines: please indicate which review date your application is for, and for which semester/year.
