

*Celebrate Black History Month  
with the Gifford Arboretum and  
the UM Africana Studies program:*

# **Trees of Africa**

## **and the African Diaspora**

See the tree that:

- gives a food higher in saturated fat than bacon
  - gives a delicious (or deadly) fruit
- may help fight diabetes, HIV, and malaria
  - houses ancestral spirits
  - and many more!

## **Tour of the Gifford Arboretum**

**Tuesday February 9 at  
5:00 - 5:50 pm**

with Biology Lab Manager John Cozza

**Meet at the half - moon stone bench** at the  
Arboretum (behind the Cox and Physics buildings)
