Abstract

Trade sets the table for the positive freedom that we enjoy today, but underlying that, the evolution of the rule of law set the table for trade.

Dr. David Schmitz received his Ph.D. from the University of Arizona in 1988 and is currently Kendrick Professor of Philosophy and joint Professor of Economics at the University of Arizona. His interests include ethics, philosophy of law, and social and political philosophy. He currently is President of the American Society for Value Inquiry and has published many articles and several books including *Person, Polis, Planet* (Oxford, 2009), *Elements of Justice* (Cambridge, 2006), *Rational Choice and Moral Agency* (Princeton, 1995), and *The Limits of Government: An Essay on the Public Goods Argument* (Westview, 1991).
