Question: Suggestions and comments about the course content:**Response Rate: 10.53%** (2 of 19)

- 1 If you pay attention, take notes and read the course is very easy
- 2 Course content was a lot, but presented very well. Although some was boring it was essential to the overall understanding of class.

Faculty: Mann, Christopher B**Question: Suggestions and comments about the instructor:****Response Rate: 21.05%** (4 of 19)

- 1 I don't like the fact that he follows the power point slides and we have to copy the content. He should distribute the relevant material and speak in class, or something else, but the current system encourages students to copy what is on the slides instead of listening and participating on a discussion.
- 2 I enjoyed the multi colored powerpoints
- 3 Instructor was very good for the class. For some subjects that would seem to be hard to keep the attention of the class professor continually kept the class interested and asking questions. His personal experience in Washington was critical to helping the class understand the material and keeping the class interested with certain experiences he went through. Thanks for a great year!
- 4 Would be helpful if you posted the Slides online. I felt like sometimes your grading can be a little subjective.

Faculty: Mann, Christopher B**Question: Additional comments:****Response Rate: 5.26%** (1 of 19)

- 1 Great class, it's organized very well. This class should be a requirement for everyone at the University as it makes you a more educated citizen of the United States.
