CAS Language Requirement for high school graduates from 2nd language high school institution

At its regular meeting today (October 4, 2013) the College Curriculum Committee approved the following proposal for exemption from the CAS Language Requirement for high school graduates from 2nd language high school institution.

This item should now be considered by the Council for placement on a Faculty Meeting agenda.

"Students who graduated high school at an institution in which the primary language of instruction and the primary language of school administration was not English, are eligible for exemption from the CAS language requirement. Exemption will be granted by CAS Office of Student Advising. To be granted the exemption, the student must have on file the equivalent of a high school diploma from such an institution."
